■ **SPECIFIC SAFETY INSTRUCTIONS**

Install a conductive fluid hose or a conductive air hose on the Airmix® gun to ground the gun.

Never exceed the maximum operating pressures of the equipment components.

Always depressurize air and hoses before carrying out any servicing on the gun.

Never wipe the end of the nozzle with the fingers.

Never point the spray gun at anyone or at any part of the body.

Always use the safety trigger lock when leaving the gun unattended.

Always use the equipment in a well ventilated area to protect health and to minimise the risks from fire and explosions.

To protect the operator, protective clothing (gloves, respirator mask, glasses, clothes...) are required.

■ **GENERAL SAFETY INSTRUCTIONS**

CAUTION : The equipment can be dangerous if not used in accordance to the rules mentioned in this instruction manual. Please ensure you carefully read all the instructions before operating your equipment.

Only trained operators can use the equipment (To acquire the essential training, please contact the "KREMLIN REXSON University" training center - Stains).

The foreman must ensure that the operator has perfectly understood the safety instructions for this equipment as well as the instructions in the manuals for the different parts and accessories.

Read carefully all instruction manuals, label markings before operating the equipment.

Comply with regulations concerning safety, fire risks, electrical supply and Voltage in force in the country of final destination of the equipment.
