■ SPECIFIC SAFETY INSTRUCTIONS

Ground the equipment.

Comply with the procedure to pressurize or depressurize pressure in the tank.

Do not use any product or solvent incompatible with the tank materials.

Use the appropriate solvent for the material being sprayed to increase the equipment working life.

The operator must wear the appropriate clothing (protective masks, gloves, glasses...) depending on the use of the equipment.

The working area must be correctly ventilated.

Keep away from moving parts. Do not stay in front of the exhaust.

Do not supply the equipment with air pressures other than the ones recommended. Damage can occur if you use the equipment with speeds other than the ones recommended.

Nota : You must lubricate the motor of the agitator. Dirt due to oil can be present on the cover. To avoid this, mount a grease recovery assembly to the motor exhaust (see Doc. 'Sparts parts' - option).

Guards (air motor cover, coupling shields, housings ...) have been designed for safe use of the equipment.

The manufacturer will not be held responsible for bodily injury or failure and / or damage to property due to removal or partial removal of the guards

■ **GENERAL SAFETY INSTRUCTIONS**

CAUTION : The equipment can be dangerous if not used in accordance to the rules mentioned in this instruction manual. Please ensure you carefully read all the instructions before operating your equipment.

Only trained operators can use the equipment (To acquire the essential training, please contact the "KREMLIN REXSON University" training center - Stains).

The foreman must ensure that the operator has perfectly understood the safety instructions for this equipment as well as the instructions in the manuals for the different parts and accessories.

Read carefully all instruction manuals, label markings before operating the equipment.

Comply with regulations concerning safety, fire risks, electrical supply and Voltage in force in the country of final destination of the equipment.

**Refer to 'Installation and safety instructions' document
(doc. 578.001.130)**
